

EDUCATORS FOR EDUCATION

PROFESSIONAL DEVELOPMENT TRAINING FOR OUT-OF-SCHOOL TIME PROFESSIONALS:

E4E offers a variety of workshops/trainings that are designed for individuals who provide (before care, after-school care) or summer camp programming for school aged children. Participants will explore current research on supplemental and/or enrichment options geared towards a student’s age or ability level. Participants will enhance their awareness of learning and developmental differences as well as develop techniques to increase academic engagement. We will help you enhance your offerings by providing professional development in areas that include but are not limited to:

In addition to group professional development, E4E also offers Youth Development & Student Engagement Programs.

All of these quality services are offered at reasonable prices.

Our services are designed specifically for your needs.

Please contact E4E for more information.
